NACE Career Readiness Competencies

The National Association of Colleges and Employers (NACE) has defined career readiness as the attainment and demonstration of requisite competencies that broadly prepare college graduates for a successful transition into the workplace. All the NACE Career Readiness Competencies are embedded in the workshops and programs offered by COER.

Critical Thinking/Problem Solving

Exercise sound reasoning to analyze issues, make decisions, and overcome problems.

Oral/Written Communication

Articulate thoughts and ideas clearly and effectively in written and oral forms.

Teamwork/Collaboration

Build collaborative relationships with others, negotiate, and manage conflict.

Digital Technology

Leverage existing digital technologies ethically and efficiently and demonstrate adaptability to new technologies.

Leadership

Leverage the strengths of others to achieve common goals, and interpersonal skills to coach and develop others.

Professionalism/Work Ethic

Demonstrate personal accountability, effective work habits, integrity, and ethical behavior.

Career Management

Identify and articulate one's skills, strengths, knowledge, and experiences relevant to career goals.

Global/Intercultural Fluency

Value, respect, and learn from diverse cultures, races, ages, genders, sexual orientations, and religions.

Presentation dates and times can be found in Handshake
